★ *Lou, Margaret,
Kellie & Abby*

As your State Senator I will:

- bring a new perspective and workable solutions to our community's common problems
- search for and find solutions to longstanding problems, bringing best practices from other cities and towns
- not accept the status quo simply because "it's the way things have been done" and will not hesitate to champion change
- act with integrity, transparency, persistence, and focus on results by looking at facts rather than relying on perception
- be open, accessible and responsive to the concerns of my constituents and ensure that they are represented
